2. Register/Login

The image shows a screenshot of a Java Swing window titled "Betting". Inside the window, there is a "Login" panel. The panel contains the following elements:

- An "IP address" label above a text field containing "localhost". This field is highlighted with a red border.
- A "Username :" label above an empty text field. This field is highlighted with a green border.
- A "Password:" label above an empty text field. This field is highlighted with a blue border.
- A "Submit" label above two buttons: "New Account" and "Log In". The "New Account" button is highlighted with an orange border, and the "Log In" button is highlighted with a brown border.

When you run the program the Log In window appears. If you are a new user, the first thing you have to do is to create a new account – click on the “New Account” button. Otherwise, fill the Username and Password fields, click the “Log In” button and enjoy the best betting experience.

Red- IP address.

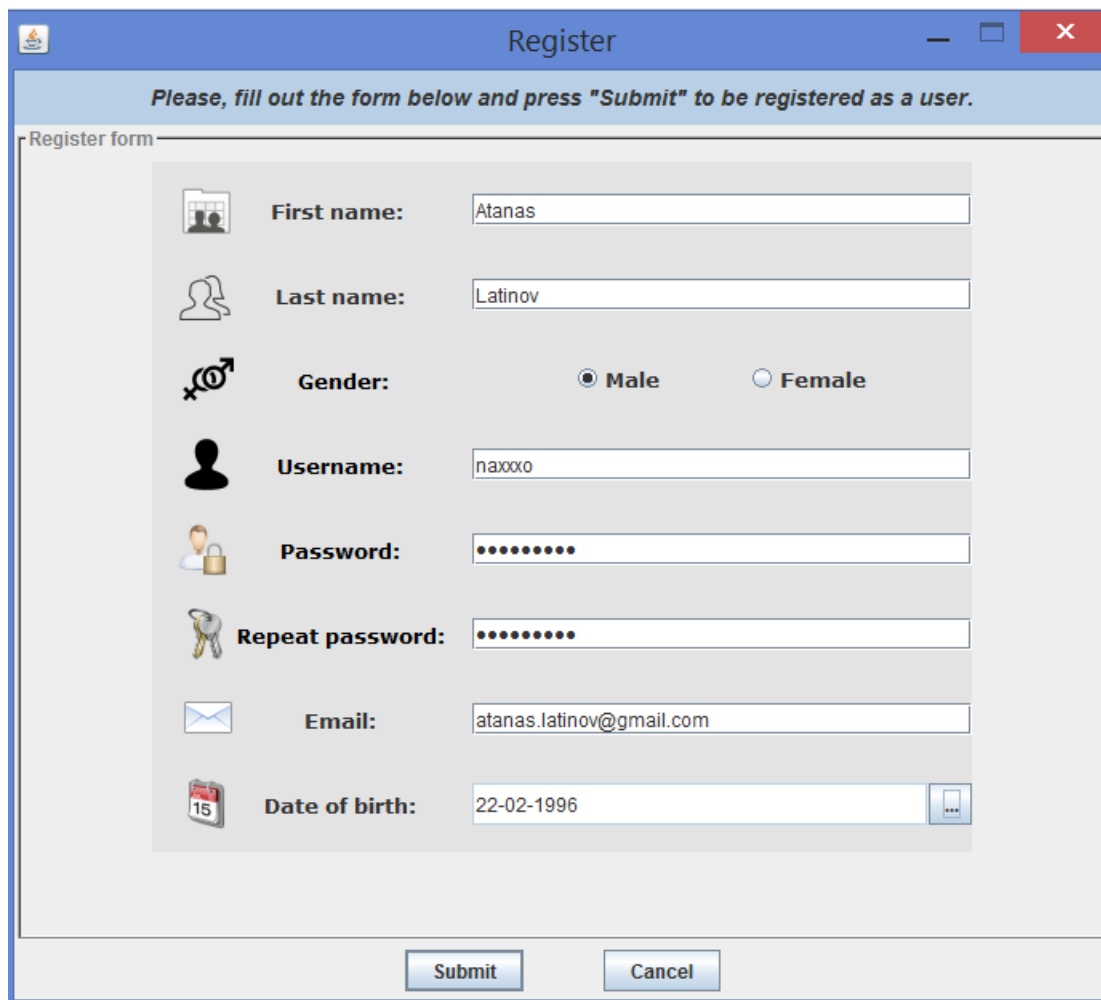

Green- Username field.

Blue- Password field.

Orange- Create an account.

Brown- Login.

2.1 Create an account

The image shows a 'Register' window with a blue title bar and standard Windows window controls. Inside, a light blue banner contains the instruction: 'Please, fill out the form below and press "Submit" to be registered as a user.' Below this is a 'Register form' section with a light gray background. The form contains several fields, each with an icon to its left: 'First name' (person icon) with the value 'Atanas'; 'Last name' (person icon) with the value 'Latinov'; 'Gender' (male and female symbols) with 'Male' selected; 'Username' (person icon) with the value 'naxxo'; 'Password' (lock icon) and 'Repeat password' (key icon) both masked with dots; 'Email' (envelope icon) with the value 'atanas.latinov@gmail.com'; and 'Date of birth' (calendar icon) with the value '22-02-1996'. At the bottom of the form are 'Submit' and 'Cancel' buttons.

The Main Window is the first thing you can see when you are logged in. Almost every action is executed from this window. You can filter all events based on their types or a selected time period. If you find a match you would like to bet on, just double-click on either a team name or a coefficient from the highlighted columns to indicate your choice and the program will do the rest. The match will be automatically transferred to your virtual ticket.
